Real Estate Safety & Self Defense Training

September 19, 2025

At no cost and open to CCBOR Members only

***10 am- 1 pm**

**Breakfast at 9:30 am*

WHY US?

As safety professionals, we understand the risks involved in meeting relative strangers at vacant properties. And while many offices have safety protocols, they are simply not enough. Agents have to be trained in preventative measures, AND proven self-defense techniques.

Our Real Estate Safety and Self-Defense Training was designed specifically for real estate professionals. This three-hour seminar is packed with useful, real-life training that will empower you to take control of your safety.

YOU WILL LEARN:

- Safety myths debunked
- How to ruin an attacker's plans
- Basic (but effective) strikes
- Restraint escape techniques
- Anti-abduction tactics
- Weapon defense
- and so much more!

DON'T BE FOOLED

Below are only 3 of the many misconceptions you will learn that could be detrimental to your safety:

1

"Most people are good people."

Yes, most people are good! And that belief is *exactly* what criminals count on because it makes us put our guard down.

2

"I'll just call 911."

The average for police to respond to a 911 call is 3-11 minutes. How do you want to spend those minutes?

3

"It won't happen to me."

Not having safety training is like not wearing a seat belt. You may not get into an accident, but if you do, you will wish you had it on.
